

Mission Honduras LeMars

October 2015

501 c-3 not-for-profit tax exempt organization

El Espino Water Project 2015

37 water projects completed to date

Half of the world's hospital beds are filled with people suffering from a water-related disease

Thank you, thank you, thank you for the wonderful support you've shown in 2014-15! Clean, drinkable water for hundreds of people was made possible by your donations. We hope you'll continue to support us in the future as we continue to work in Honduras, the second poorest country in the western hemisphere.

Ending poverty begins with clean water.

"The importance of clean, drinkable water can never be overestimated."

~ Richard Seivert

1 out of every 5 deaths of children under 5 is due to a water-related disease

1 in 9 people do not have access to clean drinking water

"Just begin...one, one, one." ~ Mother Teresa

www.missionhonduraslemars.org

Every 10 seconds, a child dies from hunger.

Globally 161 million children under five years old were estimated to be stunted in 2013

Chronic malnutrition can reach 48.5% in Honduras' rural areas, with a stunting rate of 34%. After age 2, stunting is permanent.

Then Feed Just One, working in conjunction with Mission Honduras LeMars, shipped 4 full containers of food to Honduras this past year. That represents 1.14 million meals to the most needy in Honduras. The food is distributed to over 25 children's homes, malnutrition centers, and orphanages, with about half going to the Tolupan children of Montaña de la Flor. Go to www.thenfeedjustone.org to find more information about events.

Rice, soy, freeze-dried vegetables, vitamins & minerals

69% of Hondurans live in poverty. 50% in extreme poverty.

Hunger is not a problem. It is an obscenity.

~ Anne Frank

Thanks to all who worked or donated to TFJO

If you can't feed a hundred people,

then feed just one.

Headquartered at Santa Teresa de Jesús school, the 2015 medical brigade of 19 dentists, doctors, nurses, translators, and volunteers worked tirelessly to help just under 2,000 patients. Twenty-six percent of children under the age of 5 were found to be severely malnourished.

Cristobal, following another back surgery.

The most acceptable service of God is doing good to man.

~ Benjamin Franklin

Each year Mission Honduras LeMars funds the health, medical, surgical, dental, and optometric needs of dozens of children.

Holiness is doing the will of God with a smile.

~ Mother Teresa

Family receives bunk bed

Our lives will always be full if our hearts are always giving.

32 students & chaperones built 3 homes, 10 bunk beds, and 3 picnic tables, and also taught English at Santa Teresa de Jesús School in Nueva Capital during their spring mission trip. They also served food at the Talanga Feeding Center.
